End of Record For: Jared Clayton Hirt

The University of Northern British Columbia is a publicly-funded degree-granting institution established in 1992. The University is a member of Universities Canada and the Association of Commonwealth Universities.

Academic Sessions

The academic year consists of a September semester, a January semester, and a May semester, each consisting of about 13 weeks; and may also include shorter term offerings in some program areas.

Course Credit

One credit hour represents one hour of lecture per week, or three hours of laboratory per week, extending through one semester.

Course Numbering

100-400 level courses Undergraduate courses
100 EC level courses Emily Carr University of Art + Design courses
500 level courses Honours and Post-Baccalaureate courses
600-700 level courses Master's courses
800 level courses Doctoral and Post-Doctoral courses

Repeated Courses

If a course is repeated, the grade for each attempt will be recorded on the student's transcript. Only the highest grade achieved, however, is included in the grade point average (GPA) on the student's transcript. An 'I' represents include and 'E' represents exclude from the GPA calculation.

Academic Standing

A student is in Good Academic Standing unless otherwise specified. A student may be placed on Academic Probation or be Required to Withdraw at the end of any term in which his/her academic standing falls below that specified in university regulations.

Transfer Credit and Cumulative Grade Point Average (CGPA)

The sending institution is noted on the transcript when a student has obtained transfer credit; however, the transcript does not list the transfer credit nor is the transfer credit calculated in the Cumulative Grade Point Average (CGPA).

Class Size and Median Grade (Effective Date October 2010)

Where the class size is eight or greater, the median grade is indicated. The median grade is the middle grade in the class where there is an odd number of students, and the bottom grade in the top half of the class where there is an even number of students.
